EDUCATION

CHITKARA UNIVERSITY (CUIET)

BTech IN COMPUTER SCIENCE

Aug 2020 - May 2024 | Rajpura, PB
Cum. GPA: **9.8 / 10**

PATEL PUBLIC SCHOOL

XII - Non-Medical

Apr 2020 | Rajpura, PB
Percentage: **86%**

SKILLS

Programming languages:

- Java
- HTML/CSS
- Javascript
- C++
- SQL

Frameworks/others

- ReactJS
- ExpressJS
- NodeJS
- OOPS
- MongoDB
- Git
- Data Structures and Algorithm
- Linux

COURSEWORK

GRADUATION:

Data structures and algorithms
Object Oriented Programming.
Database Management System.
Computer Networks.
Operating System.
System Design.

PROJECTS

Code.js

- Developed & maintained a code editor with live preview, syntax highlighting, and resizable editors for frontend developers.
- Utilized libraries such as CodeMirror and split.js to enhance functionality.
- Improved performance through code optimization and testing, including debouncing techniques
- Implemented automatic saving feature, which saves users' work to local storage automatically.
- Built using JavaScript, React.js, and Bootstrap,
- [Live Project](#)

Amazon Clone

- React application with full e-commerce capability.
- It uses **Firebase Real-time Database** to store the User's cart and order data.
- It allows users to make transactions using **Stripe payment integration**.
- Built using HTML/CSS, JavaScript, React, and Firebase DB.
- [Live Site](#)

COVID TRACKER

- Developed a React.js covid tracker that fetched real-time data country-wise from an API.
- It uses Chart.js to display all recently updated records in accordance with the total number of cases, total deaths cases, and recovered cases on an interactive graph.
- Built using HTML/CSS, JavaScript, React, Axios, and Material UI.
- [Live Site](#)

ACHIEVEMENTS

- Achieved a peak rating of **1805 (4 stars)** on CodeChef.
- Secured Rank **3** in Coding Warriors(contest held at Chitkara University)
- Secured Global Rank **735** among 10k+ participants in Codechef September Cook-Off 2021 (Div- 2).
